

WE ARE PROUD TO SUPPORT  
MONTEREY COUNTY FAIR & EVENT CENTER'S

## Sustainability Policy

### EXHIBITORS, CONCESSIONAIRES, VENDORS —

Please help us to fulfill our commitment to sustainable practices.

### FOOD WASTE COLLECTION PROGRAM

As of April 1, 2016 California legislation (AB1826) requires food waste be collected separately for "recycling." The **Castroville Artichoke Food & Wine Festival**, in cooperation with the **Monterey County Fair & Event Center** and **The Offset Project**, is participating in this mandatory waste reduction and recycling policy for all exhibitors, vendors, and concessionaires. Vendors at this event are expected to comply with AB1826, and separate food waste from recycling and trash. *Education and training will be provided to food vendors before the beginning of the event.*

### PLEASE AVOID USING THE FOLLOWING:

**Styrofoam**

**Plastic #6**

**Plastic straws or stirrers**

**Paper laminate food wrappers**

### CATERER/FOOD VENDOR SUSTAINABILITY RESPONSIBILITY

All items used during the event should comply with our zero-waste commitment. Compostable (PLA #7 made from corn, potato or other organic materials) and other certified compostable products (BPI or ASTM certified), or plastic products (designated with the #1 through #5 recycling symbol) should be used during the event. Recyclables also include; paper, newspaper, magazines, cardboard, tin cans, aluminum cans and glass.

### PLEASE AVOID USING THE FOLLOWING:

**Condiment packets**

**Non-compostable straws**

**Plastic toothpicks**

**Juice boxes**

**Other single-use disposable items**

## Separation Guidelines

The following tables provide guidelines to ensure successful compliance with the Monterey County Fair & Event Center's sustainability policy. Please read over the zero-waste separation and purchasing guidelines below. Whenever possible, promotional items, construction materials, and unused food should be donated for reuse. If you have any questions regarding the sustainability policy or if you would like to explore options for donations, reuse, and recycling contact:

**Kristin Cushman**  
**The Offset Project**  
**(831) 277-0167**

### ACCEPTABLE RECYCLABLE PRODUCTS

- All non-soiled paper
- All plastics #1-#5, including bottles and food service marked as recyclable
- Aluminum cans
- Steel and tin cans
- Glass of all colors
- Cardboard (folded)

### ACCEPTABLE COMPOSTABLE PRODUCTS

- All food, including breads, fruit, coffee grounds and filters, tea bags, bones, shells, and meat (cooked or raw)
- Liquid, such as soup, in small quantities
- Compostable food ware that is labeled certified compostable with PLA #7 made from corn, potato or other organic materials.  
**MUST BE ASTM OR BPIWORLD.ORG CERTIFIED**

### UNACCEPTABLE TRASH PRODUCTS

- All styrofoam

***Please help the Castroville Artichoke Food & Wine Festival comply with Monterey County Fair & Event Center's Sustainability Efforts!***
